Cameron Diaz will not leave the spotlight quietly, it seems. Though other blond actresses have attempted to replace her, Diaz refuses to shuffle off quietly.

To promote her upcoming movie *Bad Teacher*, Diaz stopped by *Jimmy Kimmel Live* last night, [according to the Huffington Post](#). Instead of actually promoting *Teacher*, Diaz decided to screw her real job and tell everyone how awesome adult entertainment is, exclaiming "I love porn!"

Diaz also explained how easy it is to order porn secretly in hotels. "You know what I love about hotels? How discreet they are," she said. Hasn't she heard of the internet? I mean, the plots are pretty terrible, but who gives a crap?

Huffington Post also noted Diaz told *Playboy* last year how she's "always traveling for cock." Making us wonder, if she's traveling for sex, why is she watching porn alone in hotel rooms?
