Wait, Who Died Again?

In Section: NY.comPRESsed » Posted In: Photos, Film And TV, Politics, Media, Entertainment

Last night was pretty fucking insane. I mean, President Obama and Osama Bin Laden both died—all in one night. Or at least that's what some truly terrible goofs from news organizations and typo tweets from reporters would have you believe. We compiled the ones we could find in an effort to lighten up a pretty intense (and patriotic) morning. Go America! Obama is finally dead! Oh wait, sorry, I suppose all news organizations have to make this typo at least once.

The Internet-Sensation Typo:

I mean, this is probably just wishful thinking. Yeah, I said it.

The 'Doh Website Typo:

Again, not too surprised. But, hey, they did "break" something no one else could—Usama bin Laden is dead!

The "I want to tweet this first" Typo:

No! Not an MSNBC commentator, too! I expect this stuff from Fox, but really, Norah, you should know how to proof-read, even on Twitter.

The Freudian-Slip Typo:

Seriously, Fox, this is getting annoying.

You need to upgrade your Adobe Flash Player to watch this video.

The Trying to Be Funny Typo:

CBS joined in on the fun when, in a failed attempt to make a joke about a possible movie, Mark Knoller made the same typo. He later corrected it, but it still wasn't funny.

Surprised if Hollywood types not up late putting together deals for a movie on the "Raid on Obama."

The Hypocrite Typo:

While making fun of FoxNews, Keith Olbermann made the same mistake.

- An ugly, and ill-informed, version of the above has appeared in the laughable [Washington Times](#). In point of fact, Mr. Bush personally de-prioritized the [hunt for Osama](#) and himself he didn't worry about him. There will be a lot of Sour Grapes on the right - it sucks being them right now.

- Lastly, you can't stop them, you can only hope to contain them. This twitpic from ESPN Chicago correspondent Sarah Spain appears to have come from the Fox affiliate in Sacramento. *Sigh*.

The Usama Typo:

So after compiling this lovely collection, FoxNews' Twitter account made another typo...or so I thought. All their tweets are using Usama, so I think there might be some confusion over how to spell his name. FoxNews is going with the [F.B.I. spelling](#), but the [White House](#) spells it "Osama." Associated Press has since announced via Twitter that, according to *their* style, it's "Osama bin Laden." Sigh.
